Part #: **HANDLEBOB**

- 7/8" (22mm) diameter tube stub attaches at 90 degrees to your existing handlebars with a pair of cable ties
- Mount thumb lever throttles, CA Aux Input controls, and buttons/switches to your bike without sliding off your existing grips.
- Fits curved drop bars, recumbent bikes, and trikes with unusual bar geometry.
- Installs on top of grip tape
- Machined from aluminum with black anodized finish

**Attach throttle,
buttons, switch,
potentiometer, etc.**
